**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in San Francisco, CA. My internet is provided by Sonic's gigabit fiber network, which uses unbundled copper and inter-city fiber transport elements (UNEs). Sonic's internet service is vastly superior than the competition and I couldn't be happier with their service.

UNE services are essentially to Sonic. All Sonic users (including me!) will be materially affected if you decide to dismantle key components of the 1996 Telecommunications Act. I strongly urge you to keep a open, competitive market for internet service provide by allowing Sonic to compete in the residential marketplace.

Best,

Sijun He
